

Feb 18th CLZ Exchange School (G7-8)

Today, first and second year junior high school students from our school visited CLZ and had an exchange. First, the students greeted them at a welcome party and were shown around the school. Next, they took turns experiencing classes in "Mathematics," "Art," and "Dutch." After eating lunch together, they had fun playing quizzes about Japan, the Netherlands, and the world. During this exchange, we saw many smiling faces of happy reunions and students trying hard to communicate.
